Are you are healthcare worker caring for someone with a life-limiting illness?

Our specialist palliative care nurse or doctor can help with:

- Symptom management
- Prescribing
- Converting oral to injectable
- Locating the correct palliative care service
- Continuous subcutaneous infusions (syringe drivers)
- Decision-making and advance care planning

We are unable to provide prescriptions, referrals, access medical records or replace the care of local healthcare providers. This is a free and confidential service. The Victorian Palliative Care Advice Service is funded by the Department of Health, operated by The Royal Melbourne Hospital and supported by the Victorian Government.
